MAGNIFICO ET GENEROSO

viro D. Ioanni Iacobo Fuggero, Kirchbergæ, Weissenhorni & Phyrettarum Domino: Cæsareæ & Regiæ Maiestati à consilijs &c. Domino & Patrono suo obseruando

Georgius Willerus.

CVm lucubrationes hasce Henrici Isaci Musici olim clarissimi, nunquam antea excusas, in lucē ædere, tibiq; Fuggere ornatissime, dedicare statuissem: nihil sum minus veritus, quā ne non tum tibi tum alijs factum hoc meum appbarem. Nam cum ignotum mihi nō esset, tuum in cōquirendis qui æduntur passim libris nouis studium, & in instruenda Bibliotheca insignis cura & vigilantia: facile te passurum existimaui, si missis his libris Musicis in ea re te adiuuarem. Etenim quemadmodū qui se ad herbarū vires cognoscendas & pscrutandas contulerūt, labore magno leuantur magniq; beneficij loco ponunt, si quis Rusticus, aut quiuis etiā alius, herbā peregrinā, inuentuq; difficilem conspiciendam exhibeat: Ita gratum tibi facere omnino eos crediderim, qui noua bonorū authorū volumina ad te adferunt, quibus Bibliothecā illam tuā, libris cū Hebraicis & Græcis, tum Latinis & Italicis instructissimā, reddas instructiorem: Quæ quidem ita iam est omniū & sermone & scriptis celebrata, vt qui huc veniūt homines literati, in tanta rerū contēplatione dignarū, quas habet ciuitas Augustana, copia, de ea sola prope inspicienda laborent. Neq; id iniuria, Quid enim præclarius? quid homini doctrina liberali exculto iucundius? quam videre vno loco doctissimorū quorumq; virorū, qui multis etiā seculis ante nos vixerunt, non de corporum lineamentis expressas imagines, sed (quod videre vt difficilius, ita pulchrius est) quibus

animorũ simulacra & sensa continentur, scripta atq; ingeniorum monimenta? ijsq; ipsis assidentem virum longe doctissimũ D. Hieronymum Wolfium Bibliothecarium tuum, cuius sane tam præclara nunc est eruditionis fama, vt ad ipsius Bibliothecæ laudem & celebritatẽ non parua ex ipsius fama fieri accessio videatur. Qui quo loco, quaq; conditione apud te sit, ex eo intelligi facile potest, quod eum, â Prussiæ principe, magno proposito præmio in Academiam Regiomontanam, linguæ Grecæ docendæ gratia vocatum, dimittere noluisti. Sed ut ad Bibliothecam ipsam redeam, omnem eam laudem, quam homines eruditione præstantes, componendis, & Typographi ædendis libris promeruerunt, quasi iure quodam suo ipsa sibi vendicat. Nam quid prodesset (obsecro) res præclarissimas quasq; magna quadam animi solertia & ingenij sagacitate inuestigatas, literis consignatas, in lucem deniq; æditas esse, si pessum ea ipsa scripta, quibus ad posteros res illæ omnium cognitione & memoria dignæ, transmittuntur, ire sineremus? ac non extructis Bibliothecis, ab interitu vindicare eniteremur? Quod quo pauciores hodie sunt qui faciunt, hoc maior tua Domine Fuggere laus & gloria est qui solus prope inter eos qui diuitijs affluunt, eo es erga literas animo, ut velis, & inter homines doctos, ita opibus abundas, ut sustinere sumptus, ad tantam rem necessarios, possis. Quæ res (mihi crede) non minorem tibi gloriam tandem paritura est, quam ædificationes immensæ, arces, prediaq; omnia tua. Erit enim tua tandem, tuæq; familiæ nobilissimæ amplissimæq;, omnis conseruatorum authorum optimorum laus. Etenim quicquid nos, Platoni, Aristoteli, Demostheni, Ciceroni, alijsq; innumeris eruditione excellentibus viris, quorum tu scripta hodie magnis impensis asseruanda curas, debemus (debemus autem certe plurimum) id profecto omne tibi tandem tuiq; similibus debebit acceptumq; feret posteritas, quippe ex quorum Bibliothecis, illi ipsi libri, hic vetustate consumpti,

illic temporum iniuria deperditi, isthic hominum negligentia amissi, tanquam ex sacrario veterum monumentorum depromentur, quorumque beneficio frui tantorum virorum scriptis, posteris dabitur atque licebit. Equidem qui Liuij Decades amissas, libros Ciceronis de Repub:, scripta Aristotelis & aliorum quæ hoc tempore desiderantur, ex bibliotheca aliqua nunc proferat, & in lucem ædat, is meo sane iudicio, non minorem quam ipsi qui ea posteris scripta reliquerunt authores, gratiam à viris eruditis inierit. Nam quid ni æque de re literaria bene mereatur, qui librum deperditum conquirat & ædat, atque is ipse qui eum conficiat atque conscribat? Etenim vt ad eruditionis & ingenij famam (quam minorem fortasse consequetur) aliquid intersit, ad vtilitatem certe publicam hominum studiosorum nihil intererit, quam parem ex vtriusque labore illi percipient. Sed hæc fortassis aliqui à me assentandi animo scribi clamitabunt. Disputabunt enim ac contendent, posteaquam, arte typographica inuenta, exemplaria mille, sumptu non multo maiore, labore minore etiam quam vnum olim sit manu scriptum nunc excudi queant, non esse perinde ut superiori seculo necessariam illam bonorum authorũ in Bibliothecis asseruationẽ. Quasi vero solius Aristotelis, Ciceronis, Liuij, Quintiliani & similium pleraque scripta, quæ artificio chalcographico nondum excogitato excudi non potuerunt, hoc tempore desiderentur, ac non ex ijs ipsis libris, qui nostra memoria exierunt nonnulli aut ita suppressi, aut negligenter habiti sint, ut comparari iam non amplius, aut certe difficulter possint. Quod quidem si tam breui temporis spacio, & in tanta non typographorum modo, sed & doctorum hominum copia accidit: quid annis ab hinc multis, quibus de suo isto studio vtrique (typographi, inquam, & lectores) multum fortassis remittent, futurum putabimus? Sed ad institutum, hoc est, authorem ipsum nostrum, Henricum Isacum, Maximiliani Cæsaris quondam archimusicum, redeo, cuius

laudationem hic instituere (quod alienum tamen ab hoc loco minime esset) non est animus, quemadmodum nec artem ipsam Musicam laudibus extollere consilium est, idq; duabus maximè de causis: Primum quod non magnum admodum pondus sciam habiturum meum ea in re testimonium: quippe cui fidem vitæ meæ genus derogat: Mox enim audiam illud Horatij,

Laudat venales qui uult extrudere merces. Deinde quod apud eos qui hæc lecturi sunt, nulla nec cohortatione nec laudatione opus est, quippe qui hoc ipso, quod hos libellos Musicos emunt, & legenda hæc censent (non enim aut emet aut leget facile quisquam à Musica alienus) se & artem ipsam Musicam maximi facere, & H. Isaco in ea ipsa non postremum locum tribuere, testantur. Cuius cum lucubrationes hasce ipsius manu scriptas, nuper, precio sic satis magno comparassem, mox eas (multis viris bonis authoribus) excudendas, & tuæ Bibliothecæ consecrandas putaui, cum, grati erga te D. Fuggere, vir ornatissime, animi ergò, tum quod spero eas in tuam Bibliothecam receptas, nullo vnquam tempore interituras. Hoc tu meum factum velim, vir clarissime, in eam quam spero partem accipias. Erit id & mihi magnopere gratum & tua virtute atq; eruditione inprimis dignum. vale Augustæ, XXVIII Octobris Anno MDLV.

PSALMVS CL.
